THE CITY.

RECRUITING .- Some one hundred and eighty recruiting commissions have been issued from the War Department of our State Government, since President Lincoln called for 500,000 more men. So far as reports have been received from the recruiting agents, they are, generally, of a hopeful and encouraging character. In some portions of the State, the work of raising men is progressing vigorously, and will insure full quotas to many sub-districts at an early day, if it goes on as now. While this is the case in some sections of the State, others are doing little or nothing, as yet.

PUGILISTIC ENCOUNTER.-There lives on Broad street, not far from the peaceful shore of the Scioto, a saloon-keeper who for some time past has taken upon himself to abuse Democrats, calling them "copperheads," &c. Since the Niagara affair, in which his master, Father Abraham, was so completely outflanked, he, like the rest of his party, has been extremely thin-skinned. Yesterday morning, feeling a little more belligerent than usual, he attempted to play some of his Abolition pranks upon a young Democrat who took him in hand, and, we are informed, gave him a very genteel drubbing, which will probably have a salutary effect upon him and cause him hereafter to be a little more sparing of his Abolition epithets.

ITALIAN OPERA CONCERT TO-MORROW NIGHT AT NAUGHTON HALL .- The sale of tickets for the grand Opera Concert tomorrow night, began yesterday at Seltzer's music store, and the demand for reserved seats was quite brisk, and there is no doubt that these distinguished artists, who are simply the best singers now in the country, will be greeted by a full house .-Those who have not yet secured their seats, should do so at once, before it is too late. It may be of interest to our readers to learn that M'me Virginia Whiting Lorini is a native American artist, and will sing, besides the Operas mentioned in yesterdy's paper, some English songs. Let us give our country woman a hearty welcome.

MORE REBEL PRISONERS .- Early yesterday morning 523 rebel prisoners arrived in this city and were immediately taken to Camp Chase. They were enlisted men, who were captured before Atlanta, and were brought here from Louisville under a guard of sixty men belonging to the 26th Kentucky Infantry, commanded by an Indiana Captain. This detachment left for Louisville yesterday.

POLICE COURT.-There was nothing before Mayor Thomas yesterday that had anything of the sensational. The items were as scarce there as elsewhere throughout the city. Five disorderlies made up the docket. The defendants-two men and three boysplead guilty, and were discharged, after each had paid a fine of three dollars and

Arrival of Union Prisoners at New Orleans-Their Deplorable Condition.

CAIRO, Aug. 2 .- Nearly one thousand exchanged Union prisoners from the Red river country, arrived at New Orleans on he 25th ult., the majority of them belongng to Iowa and Indiana, the 26th Indiana and 19th Iowa being largely represented.— The True Delta says they present a most pitiable appearance, being hatless, shoeless, and many of them without sufficient clothing to cover their nakedness. They are animated skeletons, whose feet left blood marks in their tracks. Many of them have been twelve and sixteen months in captivity. They are the first installment from the prison pen in Tyler, Texas, where from four to six thousand are confined in a stockade fort, at the rate of a thousand to

he acre of land. Their treatment was cruel and shameful beyond description. Many officers remain-ing there are in irons and all suffering for food, medicine and clothing. Two hundred of these prisoners have been vaccinated for the prevention of small pox with unhealthy virus, which has inoculated them with the most loathsome diseases. Immediately upon their arrival representatives from the Western branch of the Sanitary Commission and the State Agent of Iowa and Indiana, went o work to alleviate their condition.

Colonel Kimball, by direction of Goveror Morton, made four attempts to send reief to the camp at Tyler, without success; but Kirby Smith now expresses a willing-ness to permit them to be supplied, and agents of the different States and Sanitary Commissions will immediately ship liberal supplies of food, hospital stores and healthy General Sickles left New Orleans on the 25th for New York, with his health fully

Rebel Cavalry in Maryland---News from Washington.

Washington, August 2.- Various reports have been in circulation here to-day of the presence of a cavalry force in Montgomery county, Maryland. It is known, however, that it is only a small raiding party which entered the county last night, and proceeded as far as Gaithersville, three miles from Rockville. The people in the county be-came greatly frightened, some of them getting property ready to be moved.

This evening's Star mentions a report of the capture of a stage coach at Clarksburg by this body of rebels yesterday.

No appointment of a Registrar of the Treasury has yet been made to fill the place of Mr. Chittenden, as was stated in many

of the New York papers. The amount of subscriptions to the 7-30 oan to-day was \$636,250. Rapid progress is made in the preparation of notes, and prompt deliveries at the time promised will undoubtedly be made.

The regiment which was blown up by Gen. Grant's mine in front of Petersburg, was the 1st North Carolina regiment, for merly of Jenkins' brigade, and commanded by Col. Hargend. At the time of the ex-plosion it numbered but two hundred and lifty men, having been badly cut up in pre-

The Rebel Troops that are Opera-ting in the Valley.

Washington, Aug. 2 .- An apparently vell-informed deserter from Lee's army, states that the only rebel troops that are operating in the valley are those of Early and Breckinridge. Early's troops were firsent up the valley, and on the eve of start-ing drew rations for 18,000 men; Breckincommand followed, numbering about 10,000. There is no truth, he says, in the rumor that the raiders had been joined by A. P. Hill's corps, for up to Thursday last Hill's troops were in the intrenchments at Petersburg. The published statement that Anderson and Heath's divisions were detached from Petersburg and sent to Rich. detached from Petersburg and sent to Richmond, to look after Hancock, leaving A. P. Hill's corps within the defenses at Petersburg, is untrue. He says Heath's and Anderon's divisions compose Hill's corps, and they could not have been sent away for Hill was certainly in the defenses of Petersburg at the time of the explosion of Grant's mine.

Rebs Arresting Officers of Election in Kentucky-From Sherman's

CINCINNATI, Aug. 2.-A band of rebels under Webster made a raid into the south-ern part of Kenton county, Kentucky, yes-terday, arrested the officers of election at two polls and destroyed the poll books. A special from Nashville to The Gazette says the Major General commanding in a

circular congratulates the troops upon the brilliant successes attending the Union armies in the late battles.

Gen. Garrard, in a raid on the Georgia

railroad, destroyed the railroad bridges and depots at Conrads, Covington and Social Circle, and brought in 200 prisoners, with

the loss of only two men.
On the 28th the enemy made the attack on Logan's corps, but were defeated. Gen. Hooker has been relieved from command of the 20th corps at his own request, and gone north. Gen. Stanley succeeds to Howard's command, and Cruft succeeds Stanley in command of his division.

Further Details of Saturday's Op-erations before Petersburg.

[Special to the Post.]

WASHINGTON, Aug. 1.—Details of Saturday's operations before Petersburg have been received here. They may be summed up thus: After the mine exploded in front of the Ninth corps, a charge was ordered and the rebels immediately opened a terrific fire from other parts of their lines. It was impossible for our troops to withstand such a galling fire, and they fell back in very good order, bringing with them 3,500 prisoners. The brigade of colored troops was then ordered to charge.— Six pieces of artillery fell into our hands, but it was impossible to extricate them from the ruins of the explosion. The loss of the enemy was very severe. One South Caro-lina regiment was blown into the air, and a large number of men killed. Gens. Bartlett and Wild were captured

Gen. Butler sent a flag of truce to-day, Gen. Butler sent a flag of truce to-day, but was peremptorily refused by the rebel officers. They also refused an exchange of newspapers. Many believe that either their lines are very weak or they have some extensive move afoot, and are afraid of its being known. The raid into Pennsylvania may be the reason. The lines of both armies are about the same as before the last battle.

Vance Re-elected Governor of North Carolina. [Special to The Post.]

Washington, August 1.—Richmond papers of Friday claim a victory in North Carolina, declaring that Holden and the conservatives were defeated and Vance re-elected Governor.

The Richmond Whig claims a victory for Early at Kearnestown, near Winchester.— Additional dispatches from Early declare that he had driven the Union forces over

the Potomae into Maryland. HARRISBURG, Aug. 2.—Persons who saw the body of the rebel officer killed in Cham-bersburg, and who knew Harry Gilmor in-timately, positively deny that the remains are his.

Gen. Cameron Asking for the Re-

moval of Gen. Couch. ALTOONA, PA., Aug. 2.—General Simon Cameron, on behalf of the Vigilance Com-mittee of Harrisburg, has addressed Presi-dent Lincoln a letter, asking for the removal of Gen. Couch and the appointment of Gen. Cadwallader to the position of Com-mander of this Department. The excite-ment along the line of the railroad against

Gen. Couch is immense.

It is almost certain that the rebel heel no longer presses our soil. The Pennsylvania railroad company still have their scouts at the front. They report nothing.

A report was received at twelve o'clock last night that Averill and Kelly met the enemy about six miles from Cumberland and defeated him. No news concerning the raiders in Bedford county. They are supposed to have

gone towards Hancock.

From Memphis and Below.

Cairo, Aug. 2.—The steamer Panola from Memphis reports that two hundred guer-rillas seven miles back of Wilson's Landing, Ark., encountered a party of negro soldiers on the 30th and repulsed them. (Special to The Commercial.) Washington, August 1 .- Official dispatches received here from before Atlanta, state the rebels assaulted Sherman's line rigorously last Wednesday, and were repulsed disastrously. Sherman's killed and wounded number 600. He buried 660 rebels. Hood's loss 4,000.

A gentleman who spent yesterday with Grant, represents him as in good spirits and confident of ultimate success.

Sherman Preparing for an Advance on Atlanta. NASHVILLE, Aug. 1.—No fighting since the 28th. All the army is in fine condition, preparing for an advance upon Atlanta which will occur shortly. Authentic re-ports confirm the death of the rebel General W. H. Walker. It is rumored that General Wheeler is killed, but the report lacks con-firmation. Three hundred Confederate prisoners arrived here this afternoon en route

The Rebels Retiring from Pennsylvania.

Lincoln and Grant in Consultation.

New York, August 1.—Captain Martin, of the steamer City of Hudson, who left Fortress Monroe yesterday afternoon, says Lincoln and Grant were in consultation at that place when he left.

Washington, Aug. 2—The Star says last night about 8 o'clock some two thousand rebel guerrillas, supposed to be of Moseby's command, made their appearance at a point three miles above Rockville, having crossed the river at Nolan's Ferry. Parties living in the vicility imagining that these guer-rillas ware the advance guerd of a large inrillas were the advance guard of a large in-vading force, immediately skedaddled, which occasioned some excitement in this direction for a short time. Troops were sent from here to intercept the rebels, but they were no where to be found, having gone back over the river.

Saratoga, Aug. 2.—The strike on the Adriondock Company railroad, is more formidable than was at first anticipated. The rioters about 800 strong, are driving the German laborers from their work. Sev-eral arrests have been made. It is understood that to-morrow the company will retain those who wish to continue in their employ, and a collision between the Irish and German laborers is feared.

New York, Aug. 2.—A telegram received in this city to-day announces the death of Prof. Hadley, of the Union Theological Seminary, on the boat from City Point. He had been acting in the relief corps of the Sanitary Commission.
